

MEMO 03 - 23

To: Advanced Clubs
From: Football Queensland
Subject: 2023 Club Assessment and Development Process
Date: January 20, 2023

Dear Clubs

Football Queensland has developed key documents regarding the 2023 Club Assessment and Development process.

The following documents have been attached to the accompanying email:

1. Tier 1 and 2 Club Development Guide
2. 2022 Club Development Assessment Score Analysis

The 2022 analysis guide gives a detailed breakdown of the trends of scoring across advanced clubs within the club assessment. This document also shows how this analysis has shaped the weighting and line items for the 2023 assessment. The club delivery support mechanisms are also detailed from 2022.

The allocation of Club Ambassadors to their respective clubs will be communicated in the near future.

Your CDA should be the direct and first port of call if you have any questions or concerns about your club assessment and development for 2023.

End.
